School Websites

Area school districts and individual schools maintain websites. The sites contain important, up-to-date information on your school, to include calendars, student handbooks, parents' information, just to name a few. Please include your school's website in your list of favorite links, and monitor regularly.

Private Schools

Selection of a private school is a personal matter. Included in this section is a list of some of the private schools near the Scott AFB area for your information. It is strongly recommended you validate the credentials of any private institution you choose. You may wish to review the Illinois State Board of Education (ISBE) website for a list of state recognized accredited private schools: www.isbe.org. The ISBE oversees accreditation of nonpublic preschool, elementary, and secondary schools.

Frequently Asked Questions:

Where do our children go to school if we live on base?

Register at Scott Elementary School if you have children in grades K-5 students living on base.

Register at Mascoutah Middle School if you have children in grades 6-8 living on base.

Register at Mascoutah High School if you have children in grades 9-12 living on base.

Where will our children go to school if we haven't moved into an area residence yet?

While your family is living in temporary lodging on base, or if you secure on-base housing, your child may be enrolled in the Mascoutah School District. If you secure off-base housing, your child may continue in the Mascoutah School District for the current school year only or you may want to enroll your child in the district near where you choose to live. Should you decide to live off-base, the Illinois School Code now allows you to register your child in the school district in which you intend to live without having to pay out of district tuition, as long as you can prove that you will live in that school district within 60 days. Why aren't all school requirements the same from district to district?

Each local district is obliged to meet State requirements for students learning standards for all students seeking promotion and graduation. These requirements change from State to State and often put our transitioning students in jeopardy of graduating on time. We hope you will seek tips on preparing your child for transitioning from school to school.

What can you tell me about these extra fees, including book fees? Do we have to pay these in a public school? This answer was provided by Peggy Burke, Superintendent of Whiteside School District, who is extremely supportive of military-connected families: Illinois courts have viewed student fees as separate from tuition. Court cases have upheld individual school board's rights to establish fee levels for various grades and student activities. In Hamer v. Board of Education of School District # 109, the courts held that based on the Illinois constitution, the textbook rental fee was reasonable. The court's reasoning was that the early acts, which addressed public funding of education, made no requirement for schools to furnish textbooks at public expense. In the case of Beck v. Board of Education of Harlem Consolidated School District #122, the court held that a school, even though it may furnish free textbooks, can charge student fees for supplies. The Illinois School Code requires districts to have a policy for waiving fees for students who can not afford to pay. You play a MONUMENTAL role in your child's future.
