Dear Valued Residents:

Hunt Military Communities (HMC), in accordance with recommendations from the Centers for Disease Control (CDC), state, local authorities, and as a precautionary measure and abundance of thoughtfulness for the health and wellbeing of our staff and residents announces the following:

- In response to the potential spread of COVID-19, effective Monday, March 16th any and all scheduled community events hosted by HMC will be suspended until at least Wednesday, April 1st.
- In addition to limiting mass gatherings, our community centers and any common HMC resident amenities will also be closed for access unless there is an extenuating circumstance, such as a scheduled move-in or necessary meeting with on-site personnel that would not be able to be handled remotely.

While we understand this action will be disappointing to some, your health and safety, as well as that of our military, civilian personnel, family members, and the base community is our top priority.

We have received several questions regarding possible delays in PCS orders that may extend your stay with us even though you may have provided notice to vacate. If you do hear of delays in moving, please contact your Hunt Military Community office and we will extend your stay until orders are confirmed.

Thank you for your patience and understanding. We will continually evaluate and update our residents and staffs on plans for resuming normal operations. If you should have any questions, please do not hesitate to reach out to us: 618.746.4911
