Note 1 – If Lodging is provided in kind, then per diem is not payable

Note 2 – If meals are provided in kind, then per diem is not payable

Note 3 – Per diem is only paid to dependents while dependents are in quarantine. If dependents refuse to isolate or quarantine, then per diem is not authorized.

Note 4 – HDP-ROM will be authorized when members suspected of exposure to COVID-19 are ordered by command to restrict movement for self-monitoring at a facility that is neither provided by the Government nor is at member's personal residence at the permanent duty station. The pay is only authorized if such members are required to pay for the cost of lodging without full or partial reimbursement. The daily rate of HDP-ROM is \$100, not to exceed \$1500 per month, and the combination of HDP-ROM and other assignment and special duty pays may not exceed \$5,000 per month.

Note 5 – The installation commander may approve members who are not receiving the meals portion of per diem to retain their BAS while receiving government-provided meals, if: 1) The member is in government housing and 2) is restricted in movement for self-monitoring, to protect the health of our personnel and their families, or to assure essential mission function capability. This does not include authority to initiate BAS for members not already receiving BAS.

Note 6 – If upon arrival at the new PDS, a member is ordered into restriction of movement for self-monitoring (and dependents reside with them), the payment of TLE may be deferred until expiration of the self-monitoring period.

\*Airman can request an increase to their Government Travel Cards (GTC) spending limits as needed for the stop movement timeframe.

\*\* TLE is authorized when occupying lodging within the CONUS during a PCS. Temporary Lodging Allowance (TLA) is used when occupying temporary quarters upon arrival at, or immediately before leaving, a duty station OCONUS and does not have the same time constraints as TLE.
