(375th Medical Group)

The 375th Medical Operations Squadron (MDOS):

Available services include: Acupuncture, Allergy, Chiropractic, Dermatology, Family Advocacy, Family Medicine, Immunization, Internal Medicine, Mental Health, Physical Therapy, Primary Care and Substance Abuse Counseling. Combined, these clinics average more than 12,000 patient visits per month totaling approximately 144,000 visits per year.

The 375th Medical Support Squadron (MDSS):

consists of 10 flights providing Personnel and Administration, Resource Management, TRICARE Operations and Patient Administration, Medical Readiness, Information Management, Pharmacy, Diagnostic Imaging, Laboratory, and Logistics. The managed care program supports an enrolled population of 23,000 amounting to approximately 170,000 annual patient visits. Additionally, the squadron provides ancillary services with a \$13 million pharmacy budget, diagnostic imaging with an average of 120 patients daily and laboratory services with an average of 150 patients daily.

(375th Medical Group)

The 375th Medical Group (MDG) supports the 375th Air Mobility Wing and 31 tenant units execution of the global reach mission by providing, expanding, and deploying medical capability for contingency taskings. The 375 MDG trains 42 healthcare professionals annually through four specialty training programs and sustains the readiness skills for more than 379 active duty and Air Reserve Component personnel.

Additionally, the 375 MDG provides health services for more than 23,000 beneficiaries including 1,000 aeromedical patients. The Group is accredited by The Joint Commission, Accreditation Council for Graduate Medical Education, American Dental Association, and College of American Pathologists and has affiliations with the American Hospital Association, and American Medical Association.

The group is comprised of four squadrons:

The 375th Aerospace Medicine Squadron (AMDS):

delivers comprehensive aerospace and operational medical services to 1,600 aviators and supports a population-based preventive medicine program to 23,000 beneficiaries through public health, optometry services and health promotions. A staff of approximately 75 healthcare professionals organized into 5 flights ensures compliance with occupational and environmental health standards while supporting 3 flying wings and 31 tenant units for rapid global mobility missions.

The 375th Dental Squadron (DS):

provides a full range of dental services for active duty military members including general dentistry, endodontics, oral and maxillofacial surgery, orthodontics, periodontics and prosthodontics. The squadron also supports an Advanced Education in General Dentistry Residency Program. Families of active duty military are highly encouraged to enroll in the TRICARE Dental Program to obtain dental care from civilian dentists, as space-available dependent care is extremely limited. Likewise, dental care for retired military and their family members is very limited and only available on a space available basis.

Frequently Asked Questions

- **What is Secure Messaging?**
 - TOL provides access to a Secure Messaging service which allows you to securely communicate non-urgent, non-emergency health care issues and concerns with your provider team. With a valid Secure Messaging account, you can initiate a consultation or request an appointment with your primary care provider team.
- **How do I get a Secure Messaging account?**
 - You may have received an email invitation from your provider team to use this service; registration is not automatic. Select the "Secure Messaging" option from TOL Home page, or click here to register for a Secure Messaging account and obtain a username and a password.
- **How do I communicate using Secure Messaging on behalf of my family member(s)?**
 - If you have not done so already, register yourself for a Secure Messaging account. After completing your registration, you will be asked if you wish to use the Secure Messaging service on behalf of family members. If yes, follow the on-screen instructions provided on the website to add your family member(s) to your account.
- **What is a Primary Care Manager (PCM) and why do I need one?**
 - All Prime enrollees select or are assigned a PCM. The PCM is responsible for providing you all routine, non-emergency, and urgent health care. If you don't get a referral from your PCM, your care will be under the point-of-service (POS) option. You may request to change your PCM at any time.

Frequently Asked Questions

- **What is the difference between TOL and MHS GENESIS?**
 - The MHS GENESIS Patient Portal provides secure access to view your medical and active duty dental health records, manage appointments, and exchange messages with your healthcare team. The MHS GENESIS Patient Portal is targeted to replace the TOL as the new DoD Electronic Health Record (EHR).
- **Is TOL the same system used at my military hospital or clinic?**
 - TOL works with systems at your military hospital or clinic to support capabilities such as online appointments and prescription refill. TOL provides 24/7 access to health care services and information specific to DoD Beneficiaries who are eligible for care and treatment at a military hospital or clinic.
- **Who is eligible for a TOL account?**
 - Any DoD Beneficiary eligible for care and treatment at a military hospital or clinic, including active duty and retired service personnel and their eligible family members over the age of 18 years old. Log in using your DS Logon Premium (Level 2), CAC, or DFAS myPay or account to access TOL.
- **What is the Health Record and why will it help me?**
 - The "Health Record" provides you secure and easy access to your health information. On TOL, you can click on the Health Record logo to view, print, save, and/or download your personal health data. This may be helpful to you for your own personal record-keeping, for partnering with your provider(s) in the care of you and your family, and because some downloadable formats of your data may be easily and securely sent to additional care providers as needed, with your consent.

Minimum Enrollment Period

You must enroll for a minimum of 12 months initially

- Sponsor must have 12 months remaining on their service commitment
- Must complete the first 12 month enrollment
- After the 12 month period, you can continue on a month-to-month basis

Frequently Asked Questions

- [What eligibility requirements must be met in order to make appointments online?](#)
 - TOL provides a secure method for you to manage online appointments for yourself and your eligible family members. In order for you to manage appointments, you and your family members must be enrolled at the military hospital or clinic where you are seeking the appointment and have a Primary Care Manager (PCM) assigned. Self-referral appointments and classes do not require a PCM assignment.
- [How do I know if I am enrolled at my local military hospital or clinic \(MTF\)?](#)
 - If you are not enrolled at your MTF, then you will receive a message on the "Make Appointment" page indicating that the system was unable to locate you in your military hospital or clinic's appointment system. Please contact your military hospital or clinic for additional support.
- [How do I set up appointment reminders on TOL?](#)
 - You may define your preferred email addresses and mobile phone numbers using the "My Profile" page on TOL. The information saved in your profile serves as the default for generating reminder messages for your appointments.
- [Can I include my whole family under one account?](#)
 - In order to protect the privacy of individuals, every family member over the age of 18 years old must have their own TOL account. Family member privileges are based on family relationships established in the Defense Eligibility Enrollment Reporting System (DEERS). Authorized family members are able to manage appointments and prescription refills for other family members for whom they have been granted access.

Frequently Asked Questions

- **How do I change my Primary Care Manager (PCM)?**
 - You can request to change your PCM assignment by accessing the Beneficiary Web Enrollment (BWE) website, calling the regional contractor, or mailing the appropriate form to the regional contractor. Active Duty personnel are advised to contact their regional contractor for PCM change requests.
PCM Change information is available on the TRICARE.mil website. Access to "Primary Care Manager" and other TRICARE links is available under the TRICARE Plan Information title of the TOL Resources page. You will be redirected to the TRICARE.mil website.
- **Will I receive appointment reminders for appointments made over the phone or in person?**
 - If you make an appointment over the phone or in person, you will receive appointment reminders if you have appointment notifications enabled on TOL and have logged in to your account in the past year.
Appointment reminders for eligible children under the age of 18 years old will be sent to their Sponsor, unless appointment reminders have been disabled for the clinic in TOL.
- **How do I make an appointment on TOL?**
 - To make a new appointment online, select the "Appointments" option either from the "Welcome" page, or from the top menu bar. Navigate to the "Make Appointment" page and follow the steps to make an appointment.
- **How do I cancel an appointment on TOL?**
 - To cancel an appointment online, select the "Appointments" option either from the "Welcome" page, or from the top menu bar. Navigate to the "My Appointments" page and follow instructions.

Family Advocacy Program (FAP)

Family Advocacy Mission

The Family Advocacy Program has two primary objectives:

Prevention of family violence through education and skills development that enhance individual and family coping, adaptation, and resiliency skills.

Treatment to assess and resolve problems, ensure safety, and enhance individual, family, and support mission readiness.

Family Advocacy functions as a key partner and support system to build healthy communities and prevent family maltreatment within the Air Force.

 - [1-800-4-A-CHILD \(224453\)](tel:1-800-4-A-CHILD(224453)) (National)

Frequently Asked Questions

- **How do I refill my prescription(s) for myself or my family members using TOL?**
 - You can refill a prescription by navigating to "Rx Refill" from the "Welcome" page or by selecting "Rx Refill" from the top menu bar. You have the option to refill active prescriptions listed on the page for yourself, or for an authorized family member by selecting from the dropdown list. You can also manually enter in one or more prescription numbers to request a refill for yourself or a family member.
- **How can I check if a prescription for me or one of my family members is active and available to be refilled?**
 - You can check the status of an active prescription by navigating to "Rx Refill" on the top menu bar. The view will default to your list of prescriptions. You can select an authorized family member from the "Request Rx Refill For:" list to see their list of refillable prescriptions. If the prescription was issued at an MTF other than your currently assigned location, select the alternate MTF and the list will refresh to display refillable prescriptions at that MTF. You can click the expand icon to the left of a prescription to see an expanded display of prescription details. Check the status of a specific prescription by Rx Number by navigating to "Check Rx Status" and then entering the Rx number(s) in the boxes provided.
- **What does the "MTF" field allow me to do?**
 - The "MTF" field defaults to the primary military hospital or clinic (MTF) selected in your TOL Profile. If the prescription you need to get refilled was originally filled at a military hospital or clinic different from your primary TOL MTF, the refill will need to be filled at that location. Use the MTF field to change the default location. You may then refill a prescription based upon the original fill location. The original fill location is printed on your prescription label.

Frequently Asked Questions

- [What assistance does TOL provide in preparation for my separation/retirement from active duty or the reserves?](#)
 - The Service Separation page provides helpful information and guidance to Service members preparing to separate/retire from active duty or the reserves. It provides access to the Transition Assistance Program (TAP) portal and detailed steps to assist you through the process. Links to relevant resources and websites are also available from this page.
- [What is the Nurse Advice Line \(NAL\)?](#)
 - TOL provides access to the NAL, which is a resource available to all TRICARE beneficiaries in the U.S.

Call 1-800-TRICARE (1-800-874-2273) and select option 1 to talk to a registered nurse 24 hours a day, 7 days a week to get health care advice, ask questions, or find out if you should seek in-person care. If you need an appointment, the NAL will help you get access to care and will follow up later by sending a note to your Primary Care Manager to let him or her know how you are doing.
- [Can I request refills of TRICARE Mail Order Pharmacy prescriptions via TOL?](#)
 - You can access the TRICARE Mail Order Pharmacy (TMOP) website from TOL by navigating to "Rx Refill" on the top menu bar and then selecting the "TMOP" menu option. From this page, select the link to go to the TMOP website and follow the instructions provided to request to refill your prescription by mail.
- [How do I access my Health Record to view my personal health data on TOL?](#)
 - Select the "Health Record" menu option to access your personal health data.

Getting Care When Travelling

(TRICARE Prime/Select)

TRICARE Prime

If Traveling in the United States:

- If you need emergency care, go to an emergency room or call **911**
- Call your Primary Care Manager (PCM) within 24 hours
- If you need urgent care, you may visit a TRICARE authorized urgent care center without a referral, unless you are an active duty service member. ADSM must have a referral from PCM or Nurse Advice Line.

If Traveling Overseas:

- If you need emergency care, go to the nearest emergency facility. Before you leave the facility, contact International SOS Medical Assistance:
 - Eurasia-Africa: **+44-20-8762-8133**
 - Latin America & Canada: **1-215-942-8320**
 - Pacific (Sydney): **+65-6338-9277**
 - Pacific (Singapore): **+61-2-9273-2760**
- If you need urgent care, contact the overseas contractor for a prior authorization to use urgent care. If you don't contact the contractor for authorization, you may have to pay the provider and file a claim for reimbursement.

TRICARE Select

Search online or call in the United States:

- Visit any TRICARE-authorized provider
- Call the doctor to schedule your appointment
- You'll save money if you find a network provider
- Keep a copy of your receipts
- You may have to pay up front for the care and file a claim for reimbursement

If you live overseas and are getting care in the U.S., you'll file your claims with the overseas claims processor using your home region's claims address.

If Traveling Overseas:

- International SOS—see information above
- Keep a copy of all your receipts, overseas claims require proof of payment
- You may need to pay up front and file a claim with the overseas claims processor for reimbursement

Frequently Asked Questions

- [How can I check on my referral?](#)
 - Visit the Beneficiary Self-Service Portal or call 1-800-444-5445
- [Can I change my referral to see someone else?](#)
 - Yes, if you have not used the referral call 1-800-444-5445 to have it changed
 - If you were already seen, you will need a new referral from your PCM
- [What if my civilian provider wants to send me to a different specialist?](#)
 - Contact your PCM Team for a new referral
- [How do I get a copy of my Medical Record?](#)
 - Visit Patient Administration to complete the request
- [What if I receive a bill?](#)
 - Contact TRICARE at 1-800-444-5445
- [How do I get a profile/quarters/con-leave?](#)
 - Contact your PCM Team
- [How do I correct an error or request an update to my personal health data displayed on my Health Record? Why has such an error occurred?](#)
 - If you believe that corrections need to be made to your personal health data, please contact your Provider team directly. The information in your electronic health record (EHR) comes from AHLTA's Clinical Data Repository (CDR) and from The Department of Veterans Affairs (VA). In addition to data that has been entered by health care Providers, the CDR receives much of its data from various other MHS systems including CHCS, VA, and Network Pharmacies.

 Personal Data - Privacy Act 1974 (PL 93-579) For Official Use Only (FOUO)
 TRICARE Online (TOL) is a Department of Defense (DoD) computer system. Use of this site is governed by multiple DoD policies and terms summarized in the TOL Security Policy. Many of these policies are designed to protect the privacy of your personal information. We encourage you to review these policies.

Health Record Custody Policy

Military Health Record is the property of DOD.

Please see: [AFMAN 41-210 10 Sep 2019](#) for more information.

My Military Health Records

You should keep copies of your medical documentation, records and health care history information for your own reference.

- If you get most care at military hospitals or clinics, you'll have an electronic health record.
- Civilian providers may keep paper records or use a private electronic health record system.

View and Download Personal Health Information

You can view and download personal health information from your military health record if:

- You get care at military hospitals and clinics
- You're a registered user on the TOL Patient Portal

Personal health information may include your lab results, allergy profile, medication profile, problem lists and office visit information.

Share Your Medical Records

Use the Virtual Lifetime Electronic Record (VLER) Health Initiative and eHealth Exchange to share your medical records.

The VLER Health Initiative is now available at several sites around the U.S. allowing some of the information in your military electronic health record to be securely shared between the Department of Defense, Department of Veterans Affairs, and participating federal and civilian health care partners through the national eHealth Exchange.

Sharing your health information can save time and improve your care when you visit eHealth Exchange providers, including Veterans Affairs hospitals.

Enroll/Update TRICARE Online

Step 1:

- Go to www.tricareonline.com/
 - create login

Step 2:

- Choose a Primary Care Manager (PCM). You may select a military or network provider as your PCM (except AD, MUST enroll to Military). If you don't list a PCM on your enrollment form, TRICARE will select one for you.

Step 3:

- Complete the Enrollment Application
 - Enroll all family members on one form
 - Send fees (if applicable) with your form
 - If you have questions or if you have special circumstances, call your regional contractor to discuss your options (**1-800-444-5445**)

Step 4:

- Get Started with TRICARE Prime
 - You'll be notified when your enrollment is processed. Once enrolled, you can log into MilConnect to get your PCM's name/ telephone number.

TRICARE Copayments & Cost-Shares (MEDICAL)

Active Duty service members pay nothing out-of-pocket for any type of care.

Active Duty family members only pay for care when:

There is a small per diem when using inpatient care at a medical treatment facility

You don't have a referral or you use non-network providers without authorization from the TRICARE regional contractor.

For more information on Copayments and Cost Shares,

ADAF members will need to log into their IMR

<https://imr.afms.mil/imr/myIMR.aspx>

If due PHAQ will populate in the

"IMR ACTION LIST" box

PHA Process (ARMY)

1. Member will complete their web based health assessment using MEDPROS.
2. Member will e-mail the Base Operational Medical Clinic (BOMC) stating they have completed their web based health assessment and provide their DOD#. Members will include a copy of any current duty limitation or profile (as applicable).
usaf.scott.375-mdg.mbx.amds-sgpf-medica1-standards@mail.mil
3. BOMC will contact the member to schedule a combined MHA/PHA readiness appointment in Flight Medicine. The technician will also notify the member of any additional outstanding individual medical readiness (IMR) requirements for the member to accomplish before their visit. For this visit, members will not be seeing their PCM. However, they are always welcome to make a PCM appointment to discuss health concerns.
4. Appointments are held in Flight Medicine every Wednesday at 0800. Members will complete an audiogram, vital signs, visual acuity testing, MHA, and a focused medical exam (as required) to update any duty limiting conditions.
5. BOMC will forward any updated profiles to Ft. Leonard Wood for transcription into E-Profile.

E-mail: christopher.l.clayton2.civ@mail.mil
573-596-0131 x63752
6. The member will keep copies of any profiles for their records. Immunizations, laboratory studies and audiograms update automatically in MEDPROS. Vision exams are uploaded by Ft. Leonard Wood.

PHA Process (NAVY/MARINES/COAST GUARD)

1. Member will complete their web based health assessment using the following:
Navy PHA link
<https://data.nmcphc.med.navy.mil/pha/index.aspx>
2. Member will e-mail the Base Operational Medicine Clinic (BOMC) org box stating they have completed their web based health assessment and provide their DOD#. Member will include a copy of any current duty limitation or profile (as applicable).
usaf.scott.375-mdg.mbx.amds-sgpf-medical-standards@mail.mil
3. A provider will call the member to complete a MHA over the phone and notify the member of any outstanding individual medical readiness (IMR) requirements. BOMC then creates a virtual encounter for the member's PCM to complete the provider portion of the PHA.
4. If the member or PCM desire an in-person visit to discuss health concerns, they may book an appointment with their PCM to complete the MHA/PHA in clinic. However, they must confirm with BOMC that a record review was completed.
5. If the member's PCM determines that a new profile is required, the provider will create one, provide a copy to the member, and forward an electronic version to the following POCs for transcription into the Navy profiling system.
Profile POCs:
USCG
HS1 Travis Brown:
travis.g.brown2@uscg.mil
