

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

AVAILABILITY OF MONITORING DATA FOR UNREGULATED CONTAMINANTS FOR SCOTT AIR FORCE BASE

Our water system has sampled for a series of contaminants as required by the U.S. Environmental Protection Agency's (EPA) 5th Unregulated Contaminant Monitoring Rule (UCMR 5). Unregulated contaminants are those that do not yet have a drinking water standard set by EPA. The purpose of monitoring for these contaminants is to help EPA decide whether the contaminants should have a standard. As our customers, you have a right to know that this data is available.

If you are interested in the results or would like more information, please visit <https://www.epa.gov/dwucmr/occurrence-data-unregulated-contaminant-monitoring-rule>. Customers can also contact Aaron Williams at 618-744-9631 or aaron.williams@amwater.com.

State Water System ID#: IL1635237

Date Distributed: December 2024

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
