2024 Annual Water Quality Report

The latest Consumer Confidence Report (CCR) that compiles drinking water information for Scott Air Force Base during 2024 is available on the company's website at <http://www.amwater.com/ccr/scottafb.pdf>

The report, released annually, compares the quality of Scott's drinking water against the federal and state quality standards established by the U.S. and Illinois Environmental Protection Agencies. The annual report details drinking water sources, testing conducted on the water, and substances detected in the water. Commonly asked questions and answers concerning drinking water are also included. As in past years, the water supplied to Scott AFB continues to meet or exceed all EPA standards.

The report will not be mailed to consumers. For more information or to request a hard copy of the report, please call 618-580-6422.
